# TASTY

HOMEMADE FOOD REQUEST & DELIVERY

## ABOUT OUR PROJECT

Tasty website allows anyone to order food and dishes from a number of chefs who cook at home with a delivery service to any place the user wants.

## HOME PAGE:

The homepage of Tasty allows to view the menu of food that is divided into main dishes and side dishes and if the user want to order, just click Add to cart.

## Menu:

## Delete dish:

localhost:8081 says  
Are you sure to delete dish ?

OK Cancel

The screenshot shows a web application interface with a grid of seven dish cards. Each card displays a food image, the dish name, and its price in JD. The dishes are: Mansaf (30 JD), Maqluba (20 JD), Kabsa (20 JD), Freekeh (20 JD), Shesh-Barak (2 JD), Dawali (2 JD), and Kofta (12 JD). A modal dialog box is open over the Maqluba card, asking for confirmation to delete the dish. The dialog has 'OK' and 'Cancel' buttons. A plus icon in a square is also visible on the right side of the grid.
